Teacher was awesome, made social exciting.

- Mr. Bruno was so helpful, my social teacher taught me alot of false information and I am so thankful I came to Rock the D so I was properly taught.
- Also the breaks were really well organized and allowed me to stay tuned in.

Overall a great course. I will definitely promote it.

I'm going to pass social now! :)

The teacher clarified a lot. He was very 'to the point' with his teaching and I was able to comprehend everything he was saying. I am able to use the booklet as a study guide and the tips in the booklet he made us write helped a lot.
