Why are some classes designated A or B?

With FLEX courses you choose your own schedule.
Any classes designated A or B are identical, we run some classes twice so students can attend whichever works best.

Examples:

For **Physics Opt 1**, the fourth class runs twice. Finish on either June 24th (4A) or June 26th (4B).

For **Math Opt 30-1 or Biology MAIN Opt 1**, choose the A or B option (mix & match) for each of the four classes.
